

OCEANIC FITNESS PVT.LTD.

GALLOP - UNDERWATER TREADMILL

FOR

EQUINE

The Oceanic Equine Underwater Treadmill system is designed using the benefits of water (Buoyancy, Resistance and Temperature Control). Our Aqua Treadmill is a tool that can improve the lives of animals which require rehabilitation post surgery & for obesity control.

Horses suffering from orthopedic problems like Hip Dysplasia, Arthritis, bony changes, Post Surgeries and Nerve entrapment and paralysis can benefit from aqua therapy. Also horses with knee problems and spine problems, Back Pain, benefit tremendously by using this hydrotherapy treadmill.

UNLOCK THE POWER OF AQUATICS

SPECIFICATIONS AND FEATURES

S.No	Title	Description
1	Material Composition	Machine is made of Stainless Steel SS 316 L
2	Precise Speed Management	Machine can be precisely controlled for Speed
3	Adjustable Incline	Incline feature -- Optional
4	Advanced Control Interface	Fully Computerized Touch Screen Control
5	Powerful Motor Design	Powerful strong SHP motor to take load of all breeds
6	Safety Glass Protection	Safe shatter proof transparent glass
7	Comprehensive Visibility	Visibility on all four sides to clearly see the gait of horses
8	Easy Access Design	Both sides open able door & ramp for easy entry & exit
9	Machine Dimensions	Machine dimensions: L x W x H
10	Water Level Specification	Max water height
11	Horse Safety Features	Full safety features for horse ensured
12	Handler Proximity Design	High side ramp give close proximity to horse handlers
13	Customization Options	We can customize as per your requirement
14	Versatile Animal Adaptation	Machine can be modified for other large animals
15	Company Reach	Company has pan India presence
16	Service Quality	Excellent after-sales service
17	Water Management System	High-pressure pumps for quick water fill/drain
18	Water Recycling Technology	No water wastage same water is recycled after filtration
19	Advanced Filtration	UV sterilization + sand/particle filtration
20	Precise Temperature Control	Precise water temperature control
21	Optional Water Jet System	High-pressure water jets - optional
22	Low Maintenance	Machine has low maintenance cost
23	Compact Design	Machine occupies very small space
24	Cost-Effective Solution	No need to have uneconomical/unhygienic big pools
25	Essential Equipment	This machine is a must for any horse / stud farm/racing horse
26	Hydrotherapy Benefits	Ease of Discomfort, Joint Pressure Reduction, Osteoarthritis Treatment Performance Enhancement, Muscle Conditioning, Rehabilitation Support
27	Rehabilitation Support	Helps in Rehabilitation conditioning, relieve back pain
28	Stamina and Endurance Improvement	Increases stamina, endurance & fitness level
29	Resistance Training	Increased work level creates resistance for endurance
30	Neurological Support	Good for horses with Neurological problems
31	Water Filtration System	Machine has water filtration unit
32	Quality Certification	An ISO Certified company, 9001 - 2015
